Lakeland Volunteers in Medicine welcomes you to the **15th Annual SWAN DERBY!**

We are ready to be back together again, celebrating each other, our community's generosity and the LVIM mission... all while dressed in the finest Derby attire, of course! We hope you're ready to join us, too!

Year after year, LVIM's Swan Derby raises the unrestricted funds needed to keep our doors open and keep our community healthy. In 2020, the need for these funds became even more important due to the pressures on our community's hospitals and urgent care facilities as well as the rising cost of providing care due to the global pandemic that is COVID-19.

Many of our 2020 Swan Derby sponsors generously converted their swansorship dollars to Mission Partner dollars, **which allowed LVIM to successfully continue operating and providing care to some of our community's most vulnerable.** LVIM kept our clients healthy and well and out of the emergency rooms, keeping hospital beds available to those who would truly need them in light of current events.

We are eternally grateful.

In 2021, our swansors and Leaders of Polk came through again and the Swan Derby raised more funds than ever during the spring months. Yet, due to COVID-19's Delta variant, we, like many others, had to pivot yet again. LVIM held a smaller, more intimate Swan Derby Picnic in the Park on October 15th at beautiful Lake Crago Park. Even still, with all the challenges of the last two years, LVIM remains healthy, strong, and ready for a return to the traditional Swan Derby at the Frances Langford Promenade at Lake Mirror.

The Swan Derby remains Lakeland Volunteers in Medicine's signature fundraising event and has become a beloved community event through the years. Each year, on the Friday before the renowned Kentucky Derby, our community has gathered to witness Polk County's finest "jockeys" race swan paddle boats for the Derby title. Featuring three races, food, fun, live entertainment, a hat contest, kids' activities, and fireworks, the Swan Derby race day has promised the thrill of the race, pure entertainment, a whole lot of fun and a community coming together.

The Swan Derby is a unique-to-Polk County event that provides important revenue to support the mission of Lakeland Volunteers in Medicine and helps provide primary medical, dental and mental healthcare to those who are working and uninsured in Polk County. Since its founding, LVIM has served more than 32,000 patients, providing them with high-quality, compassionate healthcare. At LVIM, the treatment is free; the care is priceless.

The Board of Trustees, staff and volunteers at LVIM invite you to join in our mission by becoming a Mission Partner through Swan Derby swansorship. As a swansor, you will receive an array of amenities and opportunities for you or your company (details outlined in the following pages) and, best of all, you will be giving the gift of good health.

As you consider the enclosed opportunities, please reach out to Sonia Glisson, Director of Development (sglisson@lvim.net) should you have any questions or need additional information.

We thank you for believing in our mission and for giving the gift of good health,

# A brief history OF LVIM

Lakeland Volunteers in Medicine provides **compassionate, free, high quality, outpatient medical, dental and mental health care** to the working uninsured of Polk County, Florida. LVIM began as a dream in 1999 when community leaders, led primarily by a group of Watson Clinic physicians and the Watson Clinic Foundation, wanted to **find creative ways to meet the health care challenges of the working uninsured**. In 2000, this group of leaders launched a fundraising campaign that **resulted in immense community support and the more than \$6,000,000 needed to launch the operation**. A generous donation from the City of Lakeland and the Polk County School Board made it possible for LVIM to take up residence in the historic John Cox Grammar School on Lakeland Hills Boulevard.

**On Valentine's Day 2001, LVIM opened its doors**, and has since provided extensive primary care to Polk County's working uninsured residents. Each year, LVIM seems to expand the services provided. Today, LVIM patients have access to doctor visits, lab work, ultrasound scans and x-rays. When needed, patients can receive advanced diagnostics, including CT

scans and MRIs through a network of generous partners. LVIM operates a full service pharmacy and prescription assistance program, both of which provide life-saving medications to patients. **Additionally, LVIM has begun providing preventative healthcare, including important health screenings. In 2020, LVIM returned more than \$8 million in healthcare services to the community, with only \$2.1 million in raised funds.** That's almost a \$5.00 return for every \$1.00 raised! On the following page, you can see some impressive numbers about what we've done since 2001!

**In April of 2019, LVIM moved into a state-of-the-art facility that doubled our clinical space and will allow us to serve many more patients.** With the sale of the John Cox Grammar School and two major gifts, LVIM is both debt free and did not have to take any funds from the operating budget or patient services to build the new facility. It is truly the community who made this happen! **Today, this organization that started as a dream and an idea in the hearts of a few dedicated physicians**, has served more than 30,000 patients and provided more than 547,742 patient visits resulting in our Polk County friends

and neighbors getting well, staying well, and continuing to be able to provide for their families.

**With the new building comes a great opportunity for LVIM to expand its reach**, and that means we'll need the continued support of community members like you! Derby sponsorships go a long way to help us serve our patients.

In 2021, we, like most in our community, were faced with unprecedented challenges. **At LVIM, we held strong in balancing our budget, meeting the needs of patients, volunteers and staff.** We implemented curbside services, telemedicine, and partnered with other free clinics around the state to acquire enough personal protective equipment to get us through the end of the year. **We were challenged to rethink what volunteering can look like** and created volunteer-from-home opportunities. We began to craft fundraising and volunteer recruitment and retention plans that can fit in a future where social distancing is the norm, **but human connection is more important than ever.** We are leaning in and letting this time refine this organization. **We hope you'll join us!**

## THE LVIM MISSION

*Lakeland Volunteers In Medicine provides free, high quality, outpatient medical, dental and mental health care to the working uninsured of Polk County in a compassionate manner.*

## THE LVIM VISION

*LVIM envisions a Polk County that is healthier through improved access to free, high quality outpatient health care for the working uninsured.*
